Appellant: Read below then use the blank space on Page three to support your request.

Considerations for granting a Special Exception include, but are not limited to the following (Section 1.11.D.3.(a-e)):

- a. The proposed use is in harmony with the purpose and intent of the City Comprehensive Plan and of this Ordinance;

- b. The location and size of the use, the nature and intensity of the operations involved in or conducted in connection with it, the size of the site in relation to it, and the location of the site with respect to Streets giving access to it, are such that it will be in harmony with the appropriate and orderly development of the Zoning District in which it is located;

- c. The location, nature and height of buildings, walls, and fences, and the nature and extent of the landscaping on the site are such that the use will not hinder or discourage the appropriate development and use of adjacent land and Buildings;

- d. Operations in connection with any special Use will not be more objectionable to nearby properties by reason of noise, fumes, vibration, or other characteristics, than would be the operations of any permitted use not requiring a special permit;

- e. Parking areas will be of adequate size for the particular use, properly located and suitably screened from adjoining residential uses, and the entrance and exit drives shall be laid out so as to achieve maximum safety; and

- f. Public utility service (electricity, sewerage, storm drainage and water) will be adequate to service the proposed use and will have suitable access thereto, and the proposal will not overburden existing facilities; or, any onsite water supply, sewage treatment, or storm drainage disposal system will be adequate to service the proposed use.

Nonconforming Uses (Section 5.08):

Except where otherwise provided in this Ordinance, any Use of land, a Lot, a Building or a Structure (including Signs) lawfully existing at the time of the adoption of this Ordinance or at the time this Ordinance is subsequently amended shall be deemed a Legally Nonconforming Use that may be continued without prohibition by this Ordinance as long as such Use is maintained, subject to the following provisions:

1. Single-Family Detached Dwellings deemed Legally Nonconforming Uses in any Zoning District may continue to operate and expand on the same land area/parcel containing the nonconforming use on the date the use first became nonconforming provided that the expansion may not increase the degree of nonconformity. Such Dwellings shall be treated as principal Permitted Uses in that Zoning District;
2. All other Alterations or additions to, or replacements, enlargements, extensions or expansions of, or changes in, Legally Nonconforming Uses shall be subject to review and approval by Board of Zoning Appeals, subject to the provisions of West Virginia Code Chapter 8A-7-10(c) pertaining to agricultural, industrial, and manufacturing Uses. In all Zoning Districts the Board of Zoning Appeals may approve the alteration or addition to, or enlargement, extension, or expansion of, a Legally Nonconforming Use provided such change is restricted to an additional area not exceeding thirty-five percent (35%) of the area of the existing Use, with the exception that no such change may be permitted for Junk Yards;
3. Legally Nonconforming Uses may not change to a less appropriate Use or classification;
4. Legally Nonconforming Uses may continue to operate as such through change of Ownership;
5. If a Legally Nonconforming Use has ceased or been discontinued for one (1) year or more or otherwise been abandoned, then the nonconforming Use may not thereafter be reestablished and any and all Use of the land, Building, Structure (including Signs), or premises shall thereafter be in conformance with this Zoning Ordinance, subject to the provisions of West Virginia Code Chapter 8A-7-10(d) pertaining to natural resources extraction or harvesting, agricultural, industrial, and manufacturing operations, and duly designated Historic Landmarks, Sites, or Districts;
6. Nothing in these regulations shall prevent the restoration or the thirty five percent (35%) expansion allowed under Section 5.08(2) above of a Building or Structure destroyed by fire, windstorm, explosion, flood, act of public enemy, accident, or other casualty while a Legally Nonconforming Use, or prevent the continuance of the Use thereof as it existed at the time of such destruction provided that a Building Permit is obtained and restoration begun within one (1) year of said destruction;
7. When a portion of a property is deeded to a public entity for a public purpose it shall not cause the remaining portion of the property to be in violation of any part of this Ordinance; and
8. Nothing in this Ordinance shall be deemed to make legal any Use otherwise prohibited by or illegal under applicable law.
