

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER  
MONITORING REQUIREMENTS NOT MET FOR  
MARTINSBURG CITY OF, WV3300212**

*We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 1/1/2021 and 12/31/2021, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.*

**What should I do?**

*There is nothing you need to do at this time.*

**The table below lists the required monitoring and the compliance period.**

Required Monitoring	Compliance Period
03, MONITORING, ROUTINE MAJOR IOC Sample Results Not Submitted	1/1/2021 to 12/31/2021

**What happened? What is being done? (Describe corrective action)**

The IOC (Inorganic Compound) samples were sent to the lab that we had used for many years. We did not know they had been decertified three days before we submitted IOC samples. The labs we use in the future will be verified for current certification. The quality of drinking water was not affected by this violation.
